

spaceflight dynamics and control

September 26-28, 2018
University of Beira Interior, Covilhã, Portugal

CERTIFICATE OF PARTICIPATION

This is to certify that Alexander Burov, Professor at the National Research University "Higher school of Economics", Russia, took an active part in organizing and conducting of the 11th International Workshop and Advanced School "Spaceflight Dynamics and Control", hold in the Centre for Mechanical and Aerospace Science and Technologies of the University of Beira Interior (C-MAST) and SpaceWay, University of Beira Interior in Covilhã, Portugal, on September 26 - 28, 2018. The event program is attached.

The IWAD aims at qualification of specialists in Astrodynamics and related fields; its target audience of the event included University students and researchers from aerospace sector. The event consists of a number of lectures given by several well-known specialists in Astrodynamics from all over the world. The sessions are dedicated to a large variety of topics, from Space Mission Analysis to Dynamics and Control of Space Systems. The participation in the Workshop and Advanced School is free of charge.

Participation of professor A. Burov in the event has been considered successful and fruitful. He is invited to take part in the forecoming editions of the IWAD.

Anna Guerman
